Bella is a successful business enterprise which was born over 30 years ago. It originates from the fish selling activities of the Parasuraman family. The products, fish and seafood, supplied by Bella are both fresh and frozen. Among the various fish and seafood products available, customers can find the delicious Red Snapper, Tiger Prawns, Crustaceans, Octopus, Calamaris and a lot of other tasty species. Bella Amigo has developed the necessary expertise in advising its customers what product they will need to buy for any particular recipe they want to realize.

The fish and seafood products available at Bella Amigo are obtained from the local waters or from overseas countries like the Seychelles, India, Tanzania, Madagascar, South Africa, etc. Bella Amigo ensures that the products it imports are from natural sources and are not genetically modified organisms.

Bella Amigo has now completed a MUR 120m fish and fine food processing Plant in Mauritius which will be to the European Standard. The facility boasts a "Factory Shop" (Fine Food and beverage) and a 5 Star restaurant. The themed restaurant will be a unique venue and the first of its kind in Mauritius.

The entire facility was opened in April 2010 and the Group has acquired "Exclusive distribution" of the fine foods produced and distributed in SA by Mediterranean Delicacies (SA) (MD), Doolhof Wines and Sprada Coffee machines and coffee. MD is the largest distributor of Fine Foods to the Hotels and Leisure sector in SA.
