PROSPECTS AND POST YEAR-END EVENTS

The past 20 months have given directors sufficient time to develop new partnerships, to mentor new management, and to develop a new strategy in line with the consequences of the COVID-19 pandemic, the Group's inability to invest in the growth requirements of subsidiaries, and the difficulties of managing operations from South Africa.

The pandemic has acted as a catalyst for change within the Group and directors are confident that the Group will during 2022 and beyond, emerge stronger than before, and be better placed to raise new capital.

The likely new structure will result in Dale remaining involved within the Food and Food Security sector but to a lesser extent as the Group intends to be more involved within the financial services sector. The strategic focus on Mauritius Food and Food Security as an asset class is expected to reap excellent rewards in the coming years.

To this extent the directors are extending the existing cautionary statement announced in September 2021 as Dale continues with the process of restructuring the Group via the sale of a majority stake in St. Felix Brands Limited (currently in the process of implementing a name change to Maxima 5 Brands Limited) ("M5B").

This re-structuring and sale agreement is expected to be concluded, during December 2021 with an effective date of 1 February 2022. The intention is for Dale to become a minority shareholder of St. Felix Brands Limited, but will, continue to be an influential participant in the activities of M5B and retain a seat on the Board.

M5B management have already proceeded with the re-branding consortium of all subsidiaries to Maxima 5. Further announcements will be made in due course.
